

HEACO HIGHLIGHTS

VOLUME IV - Issue 19 - Feb. 21, 2005

From the Editor:

* The first 10 Candid Campus shows will be repeated, Feb. 28-May 16. The schedule for the second 10 shows will be released after OETA has received the schedule from PBS.

* An analysis of Governor Henry's FY 06 budget is available at www.captc.org/pubpol/Budget/gov06.pdf. The governor's budget proposes additional spending across a broad range of state agencies and programs aimed at funding earlier commitments, addressing pent-up demands, and investing in new priorities. It also calls for new tax cuts and proposes that surplus FY '05 revenues be divided between direct tax refunds and a new economic development research endowment. Source: e-mail from David Blatt, CAP.
